

STATE OF NEW HAMPSHIRE

- INTRA-DEPARTMENT COMMUNICATION -

FROM: William R. Lambert, P.E. *WRL*
Administrator, Bureau of Traffic

SUBJECT: Standard Updates
Divided Highway, Multi-Lane Ramp Striping

TO: Bureau Administrators & District Engineers

DATE: March 24, 2017

AT (OFFICE)
Department of Transportation
Bureau of Traffic

MEMORANDUM

The Bureau of Traffic has made updates to its Divided Highway, Multi-Lane Ramp Striping Standard Plan PM-4. Prior to Federal Highway Approval this existing Standard Plan will be replaced by Special Details.

This existing Standard Plan Sheet should no longer be used or referenced. It will be taken off-line and replaced with a link to the Special Detail which replaces them.

Please note that prior to Federal Highway Approval, if a project references any of these sheets, the Special Detail will need to be inserted as part of a project's plan-set.

The intent of the new detail is to be consistent with the current edition of the MUTCD, and provide typical dimensions to clarify the geometry of the markings relative to edge of pavement at gores.
